

Press release 5 June 2013

RCM d.o.o. will be on the border crossings with the Republic of Croatia also after 1 July 2013

On 1 July 2013 Republic of Croatia is entering the European Union. All customs controls on the border between Slovenia and Croatia on goods will be abolished and customs procedures won't be necessary any more for all goods arriving in EU from Croatia and vice versa.

Starting from 1 July 2013, the customs authorities will be present on the following border crossing: Obrežje, Gruškovje, Metlika and Jelšane.

On the border crossings Obrežje and Gruškovje after 1 July 2013 also our forwarding service company RCM d.o.o. will be present!

The following services will be carry out for our customers dealing with the goods to/from third countries:

- ✓ services of import, export, transit,
- ✓ issue of T2L documents,
- ✓ opening and closing of the TIR carnet,
- ✓ preparation of Intrastat reports,
- ✓ customs procedure 42,
- ✓ tax report and more.

The advantages of the customs services provided by the company RCM d.o.o. are the preparation of documents quickly and efficiently **24 hours a day 7 days a week. Our services are available on the main border crossings with the Republic of Croatia and also in the port of Koper (Luka Koper).** Customs clearance can be carried out under **simplified procedures** through the use of our authorization.

For the consignees of the goods in the EU is current the customs procedure 42, which allows fast movement of goods (the vehicle arrives directly at the point of discharge). It is especially important the economic aspect - the postponed payment of value added tax.
